

THE **WINDSTREAM** ADVANTAGE

data. voice. network. cloud.

windstream® 
smart solutions. personalized service.

KEEPING YOU CONNECTED. EVERY HOUR OF EVERY DAY.

At Windstream, we believe technology should bring people together. Whether you're connecting via fiber, copper, or wireless, Windstream makes it simple. That's why enterprises nationwide choose Windstream to manage every aspect of their communications infrastructure, from customized to off the shelf solutions.

Despite the whirlwind of changes in the industry, our commitment to our customers remains constant. By serving hundreds of thousands of businesses like yours, we've found the best way of providing high-quality solutions comes from aligning Windstream's people with one common goal: total customer satisfaction.

We focus on crafting smart solutions that deliver proven, long-lasting value, as well as the personalized service you need. That's our commitment to you.

"We rely on Windstream to proactively seek out new solutions for us and, in doing so, they have helped us become more efficient."
