PAETEC Launches Enhanced Web Site

*New www.paetec.com site optimizes usability;
Includes over 320 pages focused on business communication needs*

FAIRPORT, N.Y. – October 30, 2009 – PAETEC Holding Corp. (NASDAQ GS: PAET), which provides data, voice, and Internet solutions to business-class customers nationwide, today announced it has launched a new, enhanced www.paetec.com Web site with an increased focus on its capabilities in serving the needs of today's businesses. The site, which has been under development for over a year, is optimized for ease of use while delivering relevant information quickly and includes links for users to follow PAETEC on popular social media sites.

"Our business-focused solutions, capabilities and geographic reach have increased dramatically over the past years," said John Chapman, PAETEC senior vice president of marketing. "This new site is designed not only to highlight our vertical focus and deep portfolio for serving our business customers, but also to educate users on the newest trends in communication technology."

Although the new site includes more than 320 pages and 300 downloadable files, the simplified navigation, relevant content, and improved search capabilities makes it easier for users to locate pertinent information about PAETEC's capabilities. Other highlights include re-written content on products, solutions and industry focus, social

media links to follow PAETEC news, a more intuitive interface, video capabilities, and an option for users request more information on every page.

The Web site is available now at www.paetec.com.
