

MANAGED ROUTER SUPPORT SERVICE SCHEDULE

This Managed Router Support Service Schedule between PAETEC and ("Customer") is dated , (the "Schedule"). In addition to the general terms and conditions contained in the service agreement between PAETEC and Customer (the "Agreement"), of which this Schedule is a part, Customer agrees that the following terms and conditions apply to Managed Router Support Services provided to Customer by PAETEC.

- 1. Equipment Configuration Subject to this Schedule: (hereinafter the "Equipment")
2. Service Description: The following configuration, installation and support services will be available to Customer if Customer has: (a) selected one of the three Managed Router Support Services below, on the Equipment which Customer has either purchased or rented from PAETEC's affiliate, PAETEC Integrated Solutions Group, Inc. ("ISG") and (b) purchased Data Services from PAETEC at Customer's Service Location where the Equipment will be installed and accessible via PAETEC Dedicated Internet. Support of Customer owned equipment purchased from entities other than ISG must be pre approved in writing by PAETEC.

Customer Initials

Customer may elect to decline Managed Router Support Services on Customer purchased Equipment by initialing this Section of the Schedule. In such event Customer agrees and understands that Customer shall be solely responsible for managing the configuration on the Equipment and neither PAETEC nor ISG shall be responsible for any management and/or configuration support on the Equipment. Should the Customer request to receive and PAETEC agree to provide Managed Router Support Services at a later date, in addition to the MRC's applicable to Service selected, Customer will be billed and agrees to pay a one-time initial configuration charge of \$350.00.

Customer hereby subscribes to the following services, which services may be provided to Customer: (Customer to initial all that apply).

Customer Initials

Managed Router Support Services:

3. Limitations

PAETEC only offers a specific set of router options, which do not currently include maintenance of router based Firewall or Traffic Shaping features in either AdTran or Cisco routers. PAETEC does offer a Managed Firewall & IP/VPN services.

4. Service Level Agreement

The following Service Level Agreement is applicable to the Router Configuration Services:

SLA	Measure	Recompense
Monitoring of Router with Proactive Customer Contact- Advanced Managed Router	Proactive call to Customer upon failure of PING monitoring within 30 minutes of outage detection, based on PAETEC Monitoring system notification	50% of Managed Router MRC for affected customer location
Hardware Replacement Managed Router Product and Advanced Managed Router	For hardware failure determination (before 3PM), Hardware will be on site and operational by COB of next business day, to the extent applicable under the relevant Cisco SmartNet Agreement or ADTRAN warranty agreement.	50% of Managed Router MRC for affected customer location
Configuration MACs	Next Business Day from opening of Ticket with Data NOC/TAC for basic Configuration requests. 4 Business Days for Network changes (complex infrastructure changes)	50% of Managed Router MRC for affected customer location

5. Diagnostic Modem

Remote dial in access must be available for all Managed Router Support Services. A diagnostic modem will be used by PAETEC to support and troubleshoot the Customer’s router. Customer agrees to provide an analog phone line for the diagnostic modem.

Phone Line for Diagnostic Modem (check one):

Customer will provide a “shared” (e.g., use for fax and diagnostic modem) analog phone line from another provider (e.g. LEC)

Customer will designate an analog line or station port provided by PAETEC as a “shared” (e.g., use for fax and diagnostic modem) line

Customer will provide a “dedicated” (e.g., use for diagnostic modem only) analog phone line from another provider (e.g., LEC)

Phone number (if known): _____

6. Rates and Charges:

Managed Router Support Services

Customer shall be billed a monthly recurring charge per router as outlined in the applicable Rate Schedule:

The foregoing charges are subject to an annual increase of no more than 10%. Customer shall be billed the fee monthly on Customer’s invoice for the data services from PAETEC and shall pay the fee to PAETEC in accordance with the payment terms of the Agreement. Any services requested or provided outside the scope of the covered services described above for the Router Configuration Service shall be charged on a time and materials basis by PAETEC at PAETEC’s then current hourly rates.

7. Term and Termination:

For Managed Router Support Services provided on Customer Owned CPE, this Schedule shall be coterminus with the Agreement provided that either Party shall have the right to terminate this Schedule at any time on thirty (30) days prior written notice to the other party. This Schedule shall immediately terminate in the event of termination of the Agreement. Termination of this Schedule shall have no effect on the respective rights and obligations of the parties under the Agreement. In the event of termination of this Schedule, Customer shall be liable for the payment of all charges incurred prior to the effective date of the termination. In the event of any termination of this Schedule, Customer hereby acknowledges and agrees that Customer shall be solely responsible for managing the configuration on the Equipment and neither PAETEC nor ISG shall be responsible for any management and/or configuration support on the Equipment.

For Managed Router Support Services provided on PAETEC Owned CPE that is rented to the Customer, this Schedule shall be coterminus with the “Equipment Rental Terms and Conditions” in effect for the equipment being managed.
